Moneys in the Bond Payment Fund shall be used solely to pay principal of and premium, if any, and interest on the Bond.

Moneys in the Bond Payment Fund may be continuously invested and reinvested in any legal investment for District funds, which shall mature, or which shall be subject to redemption by the holder thereof not later than, the dates when moneys in the Bond Payment Fund will be required to pay the principal of and interest on the Bond. Obligations purchased as an investment of moneys of the Bond Payment Fund shall be deemed at all times to be a part of such fund, and the interest accruing thereon and any profit realized from such investment shall be credited to such fund.

All collections of installments of the assessments against the public corporation assessed (including principal and interest) on the Special Assessment Roll for the Huron River Green Infrastructure Drain Tree Planting 5504-08 Drain Project shall be placed in the Bond Payment Fund and shall be used solely to pay the principal and interest on the bond authorized herein.

10. Project Fund. Except for amounts required by this resolution to be deposited in the Bond Payment Fund, the proceeds from the sale of the Bond shall be deposited in a separate fund to be designated "Huron River Green Infrastructure Drain Tree Planting 5504-08 Drain Project Fund" (the "Project Fund").

Moneys at any time in the Project Fund shall be used solely to pay costs of the Project or to reimburse the District for any costs of the Project paid before the Bond is delivered, except that upon payment (or provision for payment) in full of the costs of the Project any excess moneys remaining in the Project Fund shall be transferred to the Bond Payment Fund (if a Bond is outstanding) or applied as required by law.

Obligations purchased as an investment of moneys in the Project Fund shall be deemed at all times to be a part of the Project Fund, and the interest accruing thereon and any profit realized from such investment shall be credited to such fund.

11. Mutilated, Lost, Stolen, or Destroyed Bonds. Subject to Act No. 354, Public Acts of Michigan, 1972, as amended and any other applicable laws, in the event any bond is mutilated, lost, stolen or destroyed, the Chair of the Drainage Board and any other member of the Drainage Board may, on behalf of the District, execute and deliver, or order the Bond Registrar to authenticate and deliver, a new bond having a number not then outstanding, of like date, maturity, interest rate and denomination as that mutilated, lost, stolen, or destroyed.

In the case of a mutilated bond, a replacement bond shall not be delivered unless and until such mutilated bond is surrendered to the Bond Registrar. In the case of a lost, stolen, or destroyed bond, a replacement bond shall not be delivered unless and until the District and the Bond Registrar shall have received the following: (i) a bond of indemnity as required by Act 354; (ii) an affidavit of the registered owner (or his or her attorney) setting forth ownership of the bond lost, stolen or destroyed and the circumstances under which it was lost, stolen, or destroyed; (iii) the agreement of the owner of the Bond (or his or her attorney) to fully indemnify the District and the Bond Registrar against loss due to the lost, stolen, or destroyed bond and the issuance of any replacement bond in connection therewith; and (iv) the agreement of the owner of the Bond (or his or her attorney) to pay all expenses of the District and the Bond Registrar in connection with the replacement, including the transfer and exchange costs which otherwise would be paid by the District.

12. Arbitrage and Tax Covenants. Notwithstanding any other provision of this Resolution, the District covenants that it will not at any time or times:

(a) Permit any proceeds of the Bond or any other funds of the District or under its control to be used directly or indirectly (i) to acquire any securities or obligations, the acquisition of which would cause any Bond to be an "arbitrage bond" as defined in Section 148 of the Internal Revenue Code of 1986, as amended (the "Code"), or (ii) in a manner which would result in the exclusion of any Bond from the treatment afforded by Section 103(a) of the Code by reason of the classification of any Bond as a "private activity bond" within the meaning of Section 141(a) of the Code, as a "private loan bond" within the meaning of Section 141(a) of the Code or as an obligation guaranteed by the United States of America within the meaning of Section 149(b) of the Code; or

(b) Take any action, or fail to take any action (including failure to file any required information or other returns with the United States Internal Revenue Service or to rebate amounts to the United States, if required, at or before the time or times required), within its control which action or failure to act would (i) cause the interest on the Bond to be includible in gross income for federal income tax purposes, cause the interest on the Bond to be includible in computing any alternative minimum tax (other than the alternative minimum tax applicable to interest on all tax-exempt obligations

generally) or cause the proceeds of the Bond to be used directly or indirectly by an organization described in Section 501(c)(3) of the Code, or (ii) adversely affect the exemption of the Bond and the interest thereon from State of Michigan income taxation.

13. Defeasance or Redemption of Bond. If at any time,
- (a) the whole amount of the principal of and interest on any outstanding bond shall be paid, or
  - (b) (i) sufficient moneys, or Government Obligations (as defined in this section) not callable prior to maturity, the principal of and interest on which when due and payable will provide sufficient moneys, to pay the whole amount of the principal of and premium, if any, and interest on any outstanding bond as and when due at maturity or upon redemption prior to maturity shall be deposited with and held by a trustee or an escrow agent for the purpose of paying the principal of and premium, if any, and interest on such bond as and when due, and (ii) in the case of redemption prior to maturity, any outstanding bond shall have been duly called for redemption (or irrevocable instructions to call such bond for redemption shall have been given)

then, at the time of the payment referred to in clause (a) of this Section or of the deposit referred to in clause (b) of this Section, the District shall be released from all further obligations under this resolution, and any moneys or other assets then held or pledged pursuant to this resolution for the purpose of paying the principal of and interest on the Bond (other than the moneys deposited with and held by a trustee or an escrow agent as provided in clause (b) of this Section) shall be released from the conditions of this resolution, paid over to the District and considered excess proceeds of the Bond. In the event moneys or Government Obligations shall be so deposited and held, the trustee or escrow agent holding such moneys or Government Obligations shall, within thirty (30) days after such moneys or Government Obligations shall have been so deposited, cause a notice signed by it to be published once in a newspaper of general circulation in the City of Detroit, Michigan, setting forth (x) the date or dates, if any, designated for the redemption of the Bond, (y) a description of the moneys or Government Obligations so held by it, and (z) that the District has been released from its obligations under this resolution. All moneys and Government Obligations so deposited and held shall be held in trust and applied only to the payment of the principal of and premium, if any, and interest on the Bond at maturity or upon redemption prior to maturity, as the case may be, as provided in this Section.

The trustee or escrow agent referred to in this Section shall (a) be a bank or trust company permitted by law to offer and offering the required services, (b) be appointed by an Authorized Officer, and (c) at the time of its appointment and so long as it is serving as such, have at least \$25,000,000 of capital and unimpaired surplus. The same bank or trust company may serve as trustee or escrow agent under this Section and as Bond Registrar so long as it is otherwise eligible to serve in each such capacity.

As used in this Section, the term "Government Obligations" means direct obligations of, or obligations the principal of and interest on which are unconditionally guaranteed by, the United States of America.

14. Filing with Municipal Finance Division. The Water Resources Commissioner, if necessary, is authorized and directed to:

- (a) apply to the Municipal Finance Division of the Michigan Department of Treasury for approval of the sale of the Bond;

- (b) file with such application all required supporting material; and
- (c) pay all fees required in connection therewith.
- (d) modify the principal and interest dates to reflect the initiation date of the project.

15. Resolution. The provisions of this Resolution shall constitute a contract between the District and the State Authority as the bondholder. After the issuance of the Bond the Resolution shall not be repealed or amended in any respect which will adversely affect the rights and interests of the bondholder, nor shall the District adopt any law, ordinance or resolution in any way adversely affecting the rights of the holders of the Bond so long as the Bond or interest thereon remains unpaid.

16. Purchase Contract. The Chair of the Drainage Board is hereby authorized to execute and deliver the Purchase Contract and the Issuer's Certificate, with such changes as may be necessary or desirable, permitted by the Act and otherwise by law, and not materially adverse to the District so long as the interest rate on the Bond is not in excess of 3% per annum.

The Chair of the Drainage Board and any member of the Drainage Board, and any of them individually, are hereby authorized to sign the Supplemental Agreement and any and all other documents and certificates necessary for the sale and delivery of the Bond.

The additional interest shall continue to accrue until the Authority has been fully reimbursed for all costs incurred by the Authority (as determined by the Authority) as a consequence of the Issuer's default. Such additional interest shall be payable on the interest payment date following demand of the Authority. In the event that (for reasons other than the default in the payment of any municipal obligation purchased by the Authority) the investment of amounts in the reserve account established by the Authority for the bonds of the Authority issued to provide funds to purchase this Bond fails to provide sufficient available funds (together with any other funds which may be made available for such purpose) to pay the interest on outstanding bonds of the Authority issued to fund such account, the Issuer shall and hereby agrees to pay on demand only the Issuer's pro rata share (as determined by the Authority) of such deficiency as additional interest on this Bond.

The Bond may be subject to redemption prior to maturity by the Issuer only with the prior written consent of the Authority and on such terms as may be required by the Authority.

During the time funds are being drawn down by the Issuer under this Bond, the Authority will periodically provide the Issuer a statement showing the amount of principal that has been advanced and the date of each advance, which statement shall constitute prima facie evidence of the reported information; provided that no failure on the part of the Authority to provide such a statement or to reflect a disbursement or the correct amount of a disbursement shall relieve the Issuer of its obligation to repay the outstanding principal amount actually advanced (subject to any principal forgiveness as provided for in EXHIBIT 1), all accrued interest thereon, and any other amount payable with respect thereto in accordance with the terms of this Bond.

This Bond is a single registered bond issued by the District under and pursuant to and in full conformity with the Constitution and statutes of the State of Michigan (especially Act No. 40, Public Acts of Michigan, 1956, as amended) and a bond resolution adopted by the Drainage Board of the District on \_\_\_\_\_, \_\_\_\_ (the "Bond Resolution") for the purpose of paying for the construction of the Huron River Green Infrastructure Drain Tree Planting 5504-08 Drain Project (the "Project").

This Bond is issued in anticipation of, and is primarily payable from, the collection of special assessments assessed against public corporation on the Special Assessment Roll for the Huron River Green Infrastructure Drain Tree Planting 5504-08 Drain Project. The assessments are general obligations of the public corporation. The full faith and credit of the Huron River Green Infrastructure Drainage District have been pledged for the prompt payment of the principal and interest on this bond as the same shall become due, and, in addition, the full faith and credit of the County of Washtenaw have been pledged therefore. Taxes imposed by the public corporation are subject to constitutional tax rate limitations.

It is hereby certified, recited and declared that all acts, conditions and things required to exist, happen and be performed precedent to and in connection with the issuance of the Bond, existed, have happened and have been performed in due time, form and manner as required by the Constitution and statutes of the State of Michigan, and that the total indebtedness of the District, including this Bond, does not exceed any constitutional or statutory limitation.

IN WITNESS WHEREOF, the Huron River Green Infrastructure Drainage District, County of Washtenaw, Michigan, by its Drainage Board has caused this Bond to be executed in its name with the signatures of its Chair and at least one other member of the Drainage Board, has caused its seal to be affixed hereto, all as of the Date of Issuance.

12. Arbitrage and Tax Covenants. Notwithstanding any other provision of this Resolution, the District covenants that it will not at any time or times:

(a) Permit any proceeds of the Bond or any other funds of the District or under its control to be used directly or indirectly (i) to acquire any securities or obligations, the acquisition of which would cause any Bond to be an "arbitrage bond" as defined in Section 148 of the Internal Revenue Code of 1986, as amended (the "Code"), or (ii) in a manner which would result in the exclusion of any Bond from the treatment afforded by Section 103(a) of the Code by reason of the classification of any Bond as a "private activity bond" within the meaning of Section 141(a) of the Code, as a "private loan bond" within the meaning of Section 141(a) of the Code or as an obligation guaranteed by the United States of America within the meaning of Section 149(b) of the Code; or

(b) Take any action, or fail to take any action (including failure to file any required information or other returns with the United States Internal Revenue Service or to rebate amounts to the United States, if required, at or before the time or times required), within its control which action or failure to act would (i) cause the interest on the Bond to be includible in gross income for federal income tax purposes, cause the interest on the Bond to be includible in computing any alternative minimum tax (other than the alternative minimum tax applicable to interest on all tax-exempt obligations generally) or cause the proceeds of the Bond to be used directly or indirectly by an organization described in Section 501(c)(3) of the Code, or (ii) adversely affect the exemption of the Bond and the interest thereon from State of Michigan income taxation.

13. Defeasance or Redemption of Bond. If at any time,
- (a) the whole amount of the principal of and interest on any outstanding bond shall be paid, or
  - (b) (i) sufficient moneys, or Government Obligations (as defined in this section) not callable prior to maturity, the principal of and interest on which when due and payable will provide sufficient moneys, to pay the whole amount of the principal of and premium, if any, and interest on any outstanding bond as and when due at maturity or upon redemption prior to maturity shall be deposited with and held by a trustee or an escrow agent for the purpose of paying the principal of and premium, if any, and interest on such bond as and when due, and (ii) in the case of redemption prior to maturity, any outstanding bond shall have been duly called for redemption (or irrevocable instructions to call such bond for redemption shall have been given)

then, at the time of the payment referred to in clause (a) of this Section or of the deposit referred to in clause (b) of this Section, the District shall be released from all further obligations under this resolution, and any moneys or other assets then held or pledged pursuant to this resolution for the purpose of paying the principal of and interest on the Bond (other than the moneys deposited with and held by a trustee or an escrow agent as provided in clause (b) of this Section) shall be released from the conditions of this resolution, paid over to the District and considered excess proceeds of the Bond. In the event moneys or Government Obligations shall be so deposited and held, the trustee or escrow agent holding such moneys or Government Obligations shall, within thirty (30) days after such moneys or Government Obligations shall have been so deposited, cause a notice signed by it to be published once in a newspaper of general circulation in the City of Detroit, Michigan, setting forth (x) the date or dates, if any, designated for the redemption of the Bond, (y) a description of the moneys or Government Obligations so held by it, and (z) that the District has been released from its obligations under this resolution. All moneys and Government Obligations so deposited and held shall be held in trust and applied only to the payment of the principal of and premium, if any, and interest on the Bond at maturity or upon redemption prior to maturity, as the case may be, as provided in this Section.

The trustee or escrow agent referred to in this Section shall (a) be a bank or trust company permitted by law to offer and offering the required services, (b) be appointed by an Authorized Officer, and (c) at the time of its appointment and so long as it is serving as such, have at least \$25,000,000 of capital and unimpaired surplus. The same bank or trust company may serve as trustee or escrow agent under this Section and as Bond Registrar so long as it is otherwise eligible to serve in each such capacity.

As used in this Section, the term "Government Obligations" means direct obligations of, or obligations the principal of and interest on which are unconditionally guaranteed by, the United States of America.

14. Filing with Municipal Finance Division. The Water Resources Commissioner, if necessary, is authorized and directed to:

- (a) apply to the Municipal Finance Division of the Michigan Department of Treasury for approval of the sale of the Bond;
- (b) file with such application all required supporting material; and

- (c) pay all fees required in connection therewith.
- (d) modify the principal and interest dates to reflect the initiation date of the project.

15. Resolution. The provisions of this Resolution shall constitute a contract between the District and the State Authority as the bondholder. After the issuance of the Bond the Resolution shall not be repealed or amended in any respect which will adversely affect the rights and interests of the bondholder, nor shall the District adopt any law, ordinance or resolution in any way adversely affecting the rights of the holders of the Bond so long as the Bond or interest thereon remains unpaid.

16. Purchase Contract. The Chair of the Drainage Board is hereby authorized to execute and deliver the Purchase Contract and the Issuer's Certificate, with such changes as may be necessary or desirable, permitted by the Act and otherwise by law, and not materially adverse to the District so long as the interest rate on the Bond is not in excess of 3% per annum.

The Chair of the Drainage Board and any member of the Drainage Board, and any of them individually, are hereby authorized to sign the Supplemental Agreement and any and all other documents and certificates necessary for the sale and delivery of the Bond.

PRINCIPAL AMOUNT:     \_\_\_\_\_ (\$\_\_\_\_\_)

=====

FOR VALUE RECEIVED, the Millers Creek Ann Arbor Drain Drainage District, County of Washtenaw, State of Michigan (the "Issuer" or "District"), hereby acknowledges itself indebted and promises to pay to the Michigan Finance Authority (the "MFA" or the "Authority") the principal sum of \_\_\_\_\_ Dollars (\$\_\_\_\_\_) or so much thereof as shall have been advanced to the Issuer pursuant to a Purchase Contract between the Issuer and the Authority and a Supplemental Agreement by and among the Issuer, the Authority and the State of Michigan acting through the Department of Environment, Great Lakes, and Energy, in lawful money of the United States of America, on the dates and in the principal installments indicated on the Payment Schedule attached as EXHIBIT 1 hereto, unless prepaid prior thereto as hereinafter provided, with interest on said principal thereon until paid from the date each such installment of principal is disbursed by the Authority to the District at the rate of \_\_\_\_\_ percent (\_\_\_\_%) per annum, first payable on \_\_\_\_\_, \_\_\_\_\_ and semiannually thereafter and principal is payable on the first day of \_\_\_\_\_ commencing \_\_\_\_\_, \_\_\_\_\_ (as identified in the Purchase Contract) and annually thereafter.

Notwithstanding any other provision of this Bond, so long as the Michigan Finance Authority (the "State Authority" or "Authority") is the owner of this Bond, (a) this Bond is payable as to principal, premium, if any, and interest at The Bank of New York Mellon Trust Company, N.A., or at such other place as shall be designated in writing to the District by the Authority (the "Authority's Depository"); (b) the Issuer agrees that it will deposit with the Authority's Depository payments of the principal of, premium, if any, and interest on this Bond in immediately available funds by 12:00 noon at least five business days prior to the date on which any such payment is due whether by maturity, redemption or otherwise; in the event that the Authority's Depository has not received the Issuer's deposit by 12:00 noon on the scheduled day, the Issuer shall immediately pay to the Authority as invoiced by the Authority an amount to recover the Authority's administrative costs and lost investment earnings attributable to that late payment; and (c) written notice of any redemption of this Bond shall be given by the Issuer and received by the Authority's Depository at least forty (40) days prior to the date on which such redemption is to be made.

## ADDITIONAL INTEREST

In the event of a default in the payment of principal or interest hereon when due, whether at maturity, by redemption or otherwise, the amount of such default shall bear interest (the "additional interest") at a rate equal to the rate of interest which is two percent above the Authority's cost of providing funds (as determined by the Authority) to make payment on the bonds of the Authority issued to provide funds to purchase this Bond but in no event in excess of the maximum rate of interest permitted by law. The additional interest shall continue to accrue until the Authority has been fully reimbursed for all costs incurred by the Authority (as determined by the Authority) as a consequence of the Issuer's default. Such additional interest shall be payable on the interest payment date following demand of the Authority. In the event that (for reasons other than the default in the payment of any municipal obligation purchased by the Authority) the investment of amounts in the reserve account established by the Authority for the bonds of the Authority issued to provide funds to purchase this Bond fails to provide sufficient available funds (together with any other funds which may be made available for such purpose) to pay the interest on outstanding bonds of the Authority issued to fund such account, the Issuer shall and hereby agrees to pay on demand only the Issuer's pro rata share (as determined by the Authority) of such deficiency as additional interest on this Bond.

The Bond may be subject to redemption prior to maturity by the Issuer only with the prior written consent of the Authority and on such terms as may be required by the Authority.

During the time funds are being drawn down by the Issuer under this Bond, the Authority will periodically provide the Issuer a statement showing the amount of principal that has been advanced and the date of each advance, which statement shall constitute prima facie evidence of the reported information; provided that no failure on the part of the Authority to provide such a statement or to reflect a disbursement or the correct amount of a disbursement shall relieve the Issuer of its obligation to repay the outstanding principal amount actually advanced (subject to any principal forgiveness as provided for in EXHIBIT 1), all accrued interest thereon, and any other amount payable with respect thereto in accordance with the terms of this Bond.

This Bond is a single registered bond issued by the District under and pursuant to and in full conformity with the Constitution and statutes of the State of Michigan (especially Act No. 40, Public Acts of Michigan, 1956, as amended) and a bond resolution adopted by the Drainage Board of the District on \_\_\_\_\_, \_\_\_\_ (the "Bond Resolution") for the purpose of paying for the construction of the Millers Creek Ann Arbor Drain Pepper Pike 5626-01 Drain Project (the "Project").

This Bond is issued in anticipation of, and is primarily payable from, the collection of special assessments assessed against public corporation on the Special Assessment Roll for the Millers Creek Ann Arbor Drain Pepper Pike 5626-01 Drain Project. The assessments are general obligations of the public corporation. The full faith and credit of the Millers Creek Ann Arbor Drain Drainage District have been pledged for the prompt payment of the principal and interest on this bond as the same shall become due, and, in addition, the full faith and credit of the County of Washtenaw have been pledged therefore. Taxes imposed by the public corporation are subject to constitutional tax rate limitations.

It is hereby certified, recited and declared that all acts, conditions and things required to exist, happen and be performed precedent to and in connection with the issuance of the Bond, existed, have happened and have been performed in due time, form and manner as required by the Constitution and statutes of the State of Michigan, and that the total indebtedness of the District, including this Bond, does not exceed any constitutional or statutory limitation.

IN WITNESS WHEREOF, the Millers Creek Ann Arbor Drain Drainage District, County of Washtenaw, Michigan, by its Drainage Board has caused this Bond to be executed in its name with the signatures of its Chair and at least one other member of the Drainage Board, has caused its seal to be affixed hereto, all as of the Date of Issuance.
