- Movie: Suicide: The Ripple Effect – update from May showing and next showing. Our showing in May was very successful. We sold 129 tickets. Around 120 attended. We had a few minutes at the beginning to introduce ourselves and the movie. We had an information table outside the theater and counselors standing by in case anyone needed them. We also talked to lots of people who were leaving other movies.
  - Our next showing will be October 9 at 7:30 at the Quality 16. We'll send out an electronic version of the flyer as soon as we can. Please get the word out wherever you can!
    - We discussed the possibility of showing the movie under the other option in the future – paying a licensing fee (This is \$1000 – I misquoted this figure in the meeting) and letting people come for free. Those present decided we would like to explore that option for a future showing in 2019
  
- County Suicide Prevention plan – copies of the plan were handed out. There was discussion of what activities are going on that fit/fulfill the various objectives and strategies. We decided we will put together a copy of the plan that is in a form where people can add the activities that their agencies are doing in this area. Follow up – Anne Daws-Lazar
  - The importance of social media was discussed in this section. 2 volunteers emerged (Hannah Wickham and Thomas Dent) who are

willing to post on the WA facebook page on a regular basis and work on other social media forms. Anne will work on setting that up.

- WA Calendar – We collected information about activities that are taking place hosted by those present at this meeting. Attached is a word version of that. Anne will put this in calendar form in the next week or 2. Feel free to add events to the list version and details about events listed there already if it's your event.
  
- Resilience group meetings – This a small group of people who meet between the larger WA meetings. Usually on Tuesday or Thursday at 2 – not every week – maybe 2 times between regular meetings. These meeting are open to all! The next meeting is not yet scheduled but information will be sent out when it is

Next meeting: August 16 at the LRC, 1pm
