I. GENERAL BUDGET POLICIES OF THE COUNTY BOARD OF COMMISSIONERS

- A. The Board of Commissioners, pursuant to State Law, shall annually adopt an appropriations and revenue budget for the General Fund of the County and for those other funds and agencies of the County where State Law authorizes the Board of Commissioners to establish budgets.
- B. Budgets shall be prepared consistent with State Law regarding appropriations, and revenue estimates. Adoption will be by total appropriation to each agency, with latitude for category transfers as further directed and permitted by Budget Resolution and other actions of the Board.
- C. Budget appropriations and revenues shall be established with accurate estimates to provide adequately for the operations of departments and capital and debt service funding.
- D. Amendments to Budget appropriations and revenues shall be recommended to the Administrator for approval by the Board of Commissioners except where specific policies and the Budget Resolution permit adjustments with the approval of the County Administrator.
- E. The Budget shall be prepared and presented to the Board of Commissioners by the County Administrator in summary and detail format and with sufficient narrative to permit thorough analysis. It shall be prepared as established by a budget calendar, so that the Board of Commissioners can review and adopt in accordance with State statutes.
- F. The County Administrator shall establish calendars, forms and review processes to assure that departments and agencies thoroughly participate in the budget process.
- G. The Board of Commissioners, in Ways & Means Committee, shall review the Budget as proposed by the County Administrator and hold a Public Hearing on the Budget prior to adoption in accordance with State Law.
- H. Appropriations will be considered the maximum authorization to incur obligations and not a mandate to spend. The County Administrator shall exercise control in order to ensure that expenditures are related to program objectives and shall notify the Board of Commissioners when, in his/her judgment, expenditures not necessary to accomplish these objectives are incurred by any elected or administrative officer. The County Administrator is authorized to withhold payment for any request which does not appear to correspond with the intent of this policy, and shall so advise the Board of Commissioners.
- I. No obligation shall be incurred against, and no payment shall be made from any appropriation account unless there is a sufficient unencumbered balance in the appropriation and sufficient funds will be available to meet the obligation.
- J. In accordance with approved Personnel Policies, the Board of Commissioners intends that reasonable attempts shall be made to find alternative positions through vacant County positions in instances where County employees are scheduled for layoff due to funding shortfalls. The hiring freeze strategy may be used to provide additional alternative positions for possible reassignment.
- K. Annually, the Administrator shall prepare and update long-term projections of at least four years for revenues and expenditures to enable the Board of Commissioners to review trends in future financing.
- L. It is the intent of the Board of Commissioners to adopt and maintain a balanced budget for all operations of the County falling within the responsibility of the Board.
- M. Indirect costs shall be charged through a central cost allocation plan so that all operating departments accurately reflect costs of centrally provided services.

- N. A capital improvements budget shall be adopted with the operating budget, and the County shall also prepare and maintain a 20 year capital improvement plan.
- O. The County investment policy shall be followed in accordance with State law and administered by the County Treasurer.
- P. The County shall appropriate sufficient funds to meet Debt Service obligations as required by State Law and bonding representations, and shall assure that bonding limitations imposed by State Law are not exceeded.
- Q. County Managers shall regularly monitor expenditures and revenues to ensure that their organization stays within limits approved in the budget.
- R. The Board of Commissioners shall have sole authority over the appropriation of County funds except as specifically regulated by Federal and State laws.

restricted. If the transfer is greater than \$10,000 or is between categories, Administrator approval is needed.

2. The Board of Commissioners authorizes the County Administrator to sign contracts, providing such contracts have been authorized as part of the budget process or by other County Policy and Procedure. The Board of Commissioners shall exclude from the claims process those payments made on contracts approved by the Board of Commissioners and signed by the Chair of the Board of Commissioners, or the County Administrator, or the Purchasing Manager, in accordance with the Procurement Policy.

3. Changes in the distribution of costs for and fund designation of the corresponding position titles between grants may be approved by the County Administrator, after approval by the granting agency. The County Administrator is authorized to extend duly approved grants provided there is no change in the financial provisions or other terms to a maximum of 12 months.

6. Department activity shall be monitored at the category level rather than the line item level. Budget transfers will be required only at the category level.
7. The Budget Office computes salaries and fringes for all County departments, applying an attrition factor based upon each department's actual experience over the past five years. The Sheriff's

Office is budgeted at 100% attrition with the understanding that salary savings will cover overtime expenditures as result of back filling for vacant positions.

B. Positions Authorized and Personnel Matters

1. The Board of Commissioners approves and adopts for 2020 the approved County position modifications in accordance with the schedule in the Budget Resolution, which amends the 2019 schedule.
2. The County Administrator is authorized to review Hold Vacant positions for necessity of operation. Vacancies occurring during the 2020 fiscal year will be reviewed in accordance with the administrative review procedures.
3. 8. The Board of Commissioners directs the County Administrator to review all positions placed on Hold Vacant status prior to January 1, 2019 and if appropriate, eliminate all those that are not deemed critical nor mandated by state and federal laws.
9. The Board of Commissioners instructs the Human Resources Department to ensure that any person who is a retired employee shall not be paid as an employee, contracted or otherwise, unless authorized by the Board of Commissioners. The Administrator shall report on a monthly basis any temporary rehires of retirees.
10. The Board of Commissioners directs that all position reclassifications be approved through the Budget Process except as merited by emergencies or significant changes.
11. The Board of Commissioners authorizes the County Administrator to reclassify vacant positions downward without Board approval when found necessary in the realignment of departmental operations.
12. Human Resources, through collaboration with Finance, will manage departmental succession planning needs through the use of a "Moving Out" process that allows for the temporary assignment of a position control number to an incumbent as well as a replacement candidate

simultaneously. This process will allow for an active window no greater than 90 days for the transition of department heads, managers, or very specialized/technical positions. The “Moving Out” process will allow Human Resources the flexibility to work with departments to assist in their succession planning process when significant institutional and processing knowledge may be lost without appropriate transition and training. Departments will be responsible for identifying the funds within their current budget to cover the expense and must provide a transition plan for Human Resources consideration. If after reviewing their budget and working with Finance the Department is unable to identify sufficient funds a request may be made to the County Administrator for approval of financial assistance.

13. The Board of Commissioners authorizes the County Administrator to move positions between funding sources if there is no net impact on the General Fund.
14. All positions authorized and personnel matters acted on by the County Administrator in Section II b shall be reported to the Board of Commissioners in a quarterly Staff Update Report by the Administrator.

16. The Board of Commissioners authorizes the elimination of the non-union pay for performance program, which had a 0 - 8% pay scale range. The Board of Commissioners authorizes the County Administrator to determine annually, effective January 1st of each year if step increases of the non-union pay scale are compounding, remain flat or suspension is needed based on budgetary matters.
17. The Board of Commissioners authorizes that the following elected official salary increases be effective 1.1.18:
 - a. Sheriff & Prosecuting Attorney – 4% and thereafter extended wage increases the same as appointed department heads to maintain alignment and comparability.

 - a. Sustain excellence in essential services.
 - b. Assure public safety and access to justice.

 - e. Create a mission-driven and thriving workplace within County government.

- f. Support equitable economic opportunity.

The budget principles are:

- a. Outcome oriented – The provision of services will be focused on outcomes.
 - b. Equity – To the extent possible, the allocation of resources in the budget should address economic and social inequalities that exist in the County.
 - c. Coordination – The allocation of resources in the budget should require and support improved coordination of units of County government and its ability to achieve common outcomes.
 - d. Planning – The allocation of scarce resources should be based on comprehensive county-wide planning to identify shared priorities and strengthen outcomes.
 - e. Measurement – The allocation of resources in the budget should be based on solid data and measurement of needs and outcomes.
2. The Administrator shall present a recommended timeline and process for budget reaffirmation to the Board of Commissioners for approval by end of the 1st quarter each year.

D. Other Specific Policies

1. All departments, boards and commissions shall utilize the services of Finance/Purchasing Division in accordance with established procurement policy and procedures. The County shall accept no liability for any goods or services procured in violation of such policy or procedure. All Consultant services, service contracts, and other contractual services shall be accompanied by a valid purchase order from Purchasing.
2. The 2020-2023 budgets are established in accordance with this resolution based on an assumed # of 82 deputy contracts as authorized per Resolution 18-042.

The Board of Commissioners adopted the recommendation from the Police Services Steering Committee (PSSC) for the police services 2019-2022 cost/price metrics as the agreed calculation for the total price of a police service unit (PSU). On December 1, 2010, the Board of Commissioners by Resolution 10-221 adopted the recommendation from the PSSC and adopted Scenario 3 as the agreed upon calculation for the total cost of a PSU. On March 7, 2018, the Board of Commissioners by Resolution 18-043 adopted the 2019-22 cost/price metrics as the agreed calculation for the total price of a police service unit (PSU). The Board of Commissioners authorized the PSU contract price of \$160,650 for 2019, \$160,650 for 2020, \$163,060 for 2021 and \$165,506 for 2022 and 2023. The Board of Commissioners authorizes the Administrator to implement budget or personnel modifications if the contract levels change throughout the contract period. The Administrator shall report any major modifications to the Chair of the Board of Commissioners.

In addition, the Board authorizes the Administrator to contract with Ypsilanti Township for the use of Community Services Officers (CSO) and Community Work Program Supervisors as needed.

3. The Board of Commissioners authorizes the County Administrator to approve expenditures up to the Self Insured Retention (SIR) maintained through the County insurance policies for all claims and/or lawsuits against the County and/or County elected officials, officers and employees acting in their official capacity. These claims include, but are not limited to: employment-related lawsuits, damages to County vehicles, theft, libel, slander and any other uninsured liability not presently covered by an existing insurance policy. The County Administrator shall report expenditures to the Chair of the Board of Commissioners prior to settlements.

4. The Board of Commissioners authorizes the County Administrator to modify these policies where necessary to carry out the lump sum budget agreement between the Board and the County-funded Courts concerning budget and operational matters, as stated in the Memorandum of Understanding reaffirmed on February 16, 2011 in Resolution 11-0039.
5. The Board of Commissioners shall appropriate \$100,000 to cover litigation matters involving the County as Plaintiff, to be overseen by the County Administrator.
6. The Board of Commissioners directs that henceforth each County agency include Indirect Costs, as determined by the most recent Cost Allocation Plan, prepared by Maximus, Inc., in applications for Federal and State grants; further that where Indirect Costs are not in approved grant budgets, each agency shall explain the reason for not including them in the resolution approving the grant. The amount of Indirect Costs shall be shown in the grant budget as zero or greater.
7. The Board of Commissioners reaffirms its Capital Reserve Fund policy in accordance with Resolution 99-0100 and authorizes the following transfers of funds into the Capital Reserve Fund: As of the end of each year, all reserves in excess of \$4,000,000 accumulated in the Delinquent Tax Revolving Funds/Reserve. All debt service will be paid out of the Capital Reserve Fund.
8. The Board of Commissioners continues the authority granted in 1988, that any permanent policies or resolutions included in the approved Washtenaw County Policies and Procedures Website no longer need to be included in the Annual Budget Resolution.
9. The Board of Commissioners rescinds any prior action not in conformity with the above-stated general policies and specific policies.
10. The Board of Commissioners continues their support of a five year County-wide Technology Plan. The County Administrator will present an update on the progress of the Plan semiannually or as often as needed.
11. The Board of Commissioners commits to long-term budget flexibility and sustainability, and an adequate level of cash flow with its attention to fund balance. A healthy fund balance is an essential ingredient and the following was considered to determine an appropriate level as a target: an appropriate level to fund at least 60 days of operations, to help offset negative cash flow (primarily from the seven month delay in property tax collections after incurred expenses), and to assist buffering any unexpected downturns. Therefore, the Board shall plan future budgets to meet the goal of a Reserve for Subsequent Years representing at least 20.0% of General Fund expenditures, net of indirect costs.
12. Any structural annual surplus or deficit as a result of the annual Equalization Report will have options for use or reduction recommended by the County Administrator in alignment with the Board of Commissioner's Budget Priorities and Principles to be used as decisions about budget allocations for 2020-2023 are made per Resolution 18-069, presented to the Board of Commissioner for consideration and confirmed by Board action and authorization after the 3rd quarter budget report to the Board of Commissioners each calendar year.

Any nonstructural annual surplus exceeding the final budgeted planned contribution to fund balance as reported in March of each year for the prior year and confirmed in the Comprehensive Annual Financial Report as presented in April of each year may be considered by the Board of

Commissioners for investment in their priorities. The investments supported by this one-time annual surplus shall be considered non-structural.

The Board of Commissioners reiterates its commitment to long-term financial stability with a conscious “eye on the future” and that there are fiscal challenges that exist that are not sustainable over the very long-term. Therefore, the Board of Commissioners directs the County Administrator to recommend in alignment within the budget priorities and principles the use of any General Fund budget surplus in consideration of an additional county capital allocation for ongoing space, equipment and technology needs.

13. All grant submissions to the Board of Commissioners shall clearly indicate the minimum required match. The summary shall separately specify any proposed match in excess of the minimum required.
14. The Board of Commissioners authorizes the County Administrator to execute contracts and contract policies and procedures. These contracts shall be prepared, monitored and evaluated by the identified County oversight departments. In addition, the Office of Community and Economic Development in alignment with Resolution 18-073 will prepare, monitor and evaluate the human services and children’s well-being coordinated funding allocations. Upon approval of the Board of Commissioners the 2020-2023 Adopted Budget will provide the General Fund allocation for the period of January 1, 2020 through December 31, 2023.
15. The Parks and Recreation Commission’s fund balance will be available to the Parks and Recreation Commission at any time upon resolution by the Parks and Recreation Commission authorizing such expenditures.
- 15.A. Natural Areas Preservation Program funding shall not be used to establish a permanent or temporary endowment fund without approval of the Board of Commissioners.
16. The Board of Commissioners approves departmental service fee increases in the 2020-2023 Budgets based on the Michigan, Detroit Area All Consumer Price Index (CPI) as previously authorized in Resolution 03-0209.
17. The Board of Commissioners authorizes the County Administrator to approve fee adjustments for the GIS initiative as recommended by the GIS Steering Committee.
18. The Board of Commissioners authorizes the review of the methodology for determining the necessary staffing levels and authorized overtime expenditures for the Clerk/Register of Deeds Office as determined and agreed to by Support Services and the Clerk/Register of Deeds. This methodology provides the link between expenditures and volume of documents processed by the Register of Deeds staff. Due to the cyclical nature of the document flow, Support Services will review the need for budget adjustments based on changing document volume on at least a semi-annual basis.
19. The Board of Commissioners, upon approval of any Public Works bond resolution authorizing the issuance of bonds for an approved Public Works project, authorizes the establishment of budgets for the project related debt service and construction funds for the duration of the project, up to the amount authorized in the bond resolution.
20. The Board of Commissioners recognizes that reductions in state funding and economic trends will have an impact on the fiscal operations of Washtenaw County Government in 2020 and beyond. The Board directs the County Administrator to report back quarterly on the projected impact on the 2020-2023 Budgets and recommends appropriate action. The Board further

directs the County Administrator to continue to assess the long-term implications of the current economic trends on the County's operations during 2020 through 2023 and recommend appropriate action, if needed. Furthermore, the Board directs the County Administrator to always provide a four year budget view into the future (even if pre-adopted budgets are presented) to always provide a visual of all financial impact decisions for all to be and stay informed.

21. The Board of Commissioners directs the County Administrator to report to them quarterly on the status of the budget during the 2020 through 2023 fiscal years.
22. The Board of Commissioners directs that all Ways & Means agenda items with policy or operational changes that assume a budget increase must also include a proposed funding source for consideration if such action is approved.
23. The Board of Commissioners continues the County policy established during 2011 that there will be no automatic General Fund appropriation increases granted for personnel cost increases for the 2020 through 2023 County appropriations except where required. Where applicable General Fund appropriations will be decreased based on any savings gained from labor negotiations. The 2020-2023 Budget includes additional non-structural allocations for 2020 only for Community Mental Health, Health Department and the Office of Community & Economic Development to offset rising personnel services costs.
24. The Board of Commissioners, with agreement by the Courts, commits to cover budget overages in any Public Safety & Justice line items deemed to be statutory in nature including Jury Fees, Attorney Fees, Attorney Fees Appeals, Witness Fees and Extraditions. Any surpluses in these line items are to be returned to the General Fund and are not available for increased spending in other program areas. In addition, the Board requests that any policy, operational or fee schedule change be communicated with the budget staff prior to being implemented as a means to accurately project the budget impact of such change.
25. The Board of Commissioners approves new revenues and cost reductions with the projection that the Building Services program will have a surplus without the need for any support by the County for fiscal years 2020 through 2023. Additionally, efforts are to continue to work collaboratively with County employees to reduce program costs while maintaining our excellent quality of service and to collaborate with other County communities to more efficiently utilize resources. The County Administrator shall provide the Board quarterly updates on the fiscal and program status of Building Services to stay abreast of changing conditions and the estimated amount of County funding needed.
26. The Board of Commissioners shall establish the budget with plans for increasing, over time, non General Fund balances to an amount of at least 8% of total budget net of General Fund appropriation and indirect costs for all County departments outside of the GF, taking into consideration the impact of such reserves on outside funding.
27. A review of all County capital plans will be incorporated into the quadrennial budget review including the status and needed actions for the 20 year space plan as adopted on July 10, 2013 in Resolution 13-0109. The space plan has been reviewed in alignment with the 2020-2023 budget and program increases.
28. The Board of Commissioners temporarily rescinds the County policy establishing the 1/8th mill allocation for building maintenance and moves to a flat appropriation as adopted in the budget to realize identified capital savings for fiscal year 2019. The long-term sustainability of these modifications will be reviewed and a recommendation will be included in the 2020-2023 budgets.

29. Due to the history of increasing medical costs the Board of Commissioners authorizes the County Administrator to calculate a medical composite rate 3% to 5% above the medical agency of record's recommended composite rate for budget purposes to build a fund balance within the medical fund to a level to cover at least 60 days of operating expenditures.
30. Due to the change in the timing of the collection of property tax revenue, which is now seven months into operations of a fiscal year, there is the likelihood that the General Fund (1010) cash balance may be depleted to a negative balance prior to the collection of the July tax levy. In the event the General Fund (1010) does experience a negative cash balance funds held within the Capital Reserve Fund (4060), Capital Equipment Fund (4010), and the 1/8 Mill Capital Improvement Fund (4010) may be utilized to be borrowed from as these funds are supported by allocated general revenues. In the event these funds have insufficient cash balances to address the negative balance within the General Fund other funds within the pooled cash account may be borrowed from. All funds borrowed will be repaid immediately upon collection of the July property tax levy.
31. The Board of Commissioners authorizes any collective bargaining agreements entered into on or after March 20, 2013, as well as Non-Union employees, comply with section 3 4 of PA 152 of Washtenaw County Michigan 2011, as approved per Resolution 13-0053. As such, for medical benefit plan coverage years beginning on or after January 1, 2012, a public employer shall pay no more of the annual costs or illustrative rate and payments for reimbursement of co-pays, deductibles, and payments into health savings accounts, flexible spending accounts, or similar accounts used for health care, than a total amount identified and allowed for in the Act. The state treasurer shall by October 1 of each year adjust the maximum payment permitted for each coverage category, based on the change in the medical care component of the United States consumer price index for the most recent 12-month period for which data are available from the United States department of labor, bureau of labor statistics.
32. The Administrator is directed to prepare and implement a staff study, a maximum of twice, to assess the capabilities of the organization to meet the community outcomes and processes.
33. The County shall conduct a citizen experience study assessing customer interactions with county entities via our website and other means to inform the development of community outcomes and Board priorities.
34. Effective for new hires after 1-1-14 and thereafter, in alignment with respective labor agreements, employees will participate in a defined contribution system with vesting requirements for employer contributions and the employer will establish a retiree health reimbursement account (HRA) on behalf of the employee. For employees who leave prior to the defined contribution vesting requirements, 100% of the applicable employer contributions shall be forfeited and transferred to the Washtenaw County Employees' Retirement System with the intent to reduce the unfunded actuarial accrued liability (UAAL). Furthermore, for employees who leave prior to normal retirement eligibility and corresponding retirement, 100% of the applicable HRA shall be forfeited and transferred to the Washtenaw County Voluntary Employees Beneficiary Association with the intent to reduce the UAAL.
35. The Board of Commissioners recognizes the significant reductions in county capital appropriations, since 2008, and that they are not sustainable into the future. County space, equipment and technology needs must be met and maintained appropriately to continue providing services to all county customers. The Board directs the Administrator to evaluate and recommend an appropriate additional capital allocation from either structural or non-structural

funds in alignment with item II. D. #12 to mitigate deferment of maintenance and replacement needs of the county's infrastructure.

36. The County Administrator shall extend the County contract with the Michigan Immigrant Rights Center and increase the contract expenditure by \$75,000 per year to provide community-based trainings and to coordinate and provide legal services for individuals and families for immigration and immigration-related issues, including but not limited to child custody, power of attorney, visas, citizenship or legal resident applications, and detention and deportation actions. These funds may be used to coordinate legal services across the county or to provide direct legal support. These funds may not be used for criminal defense of any charge that precipitates or is associated with an immigration action.
37. The Office of Community and Economic Development shall make funding not to exceed \$75,000 available through the Barrier Busters Emergency Unmet Needs Fund, but no less than \$25,000 for the purpose of providing emergency financial support to low-income immigrant families, including but not limited to supports for housing, utilities, transportation, child care, psychological services and food assistance.
38. The County Administrator shall negotiate the parameters of all expenditures to outside agencies to ensure that they align with and advance the Board of Commissioners' adopted budget priorities and principles. Contracts for outside agency allocations of \$50,000 or more shall require approval of the Board of Commissioners.

Budgeted line items for outside agency allocations are "not to exceed" expenditure caps. Every effort shall be made to keep expenditures under these allocations.

Notwithstanding the above, the County Administrator is authorized to execute expenditures for the following without further Board approval:

1. MAC Dues
2. Huron River Watershed Council
3. SEMCOG
4. SEMCOG Water Quality
5. Soil Conservancy
6. WATS
7. Area Agency on Aging
8. United Way - 211
9. Washtenaw Health Initiative
10. Barrier Busters / Eviction Prevention
11. Law Library

39. All outside agency allocations shall be formalized with a contract between the agency and a designed department of Washtenaw County. All such contracts shall include annual goals for the use of funds. The contracts shall also specify the anticipated quarterly and annual return on investment, including metrics and expectations. Prior to the payment of invoices, the outside agency shall present a report, including program metrics, to demonstrate progress toward program outcomes.
40. The budget assumes a +1.5% taxable value increase per year for 2020 through 2023 from the 2019 tax base. The additional +0.5% increase in the budget assumption for property tax revenues for 2020-2023 will be reserved for future personnel cost increases in alignment with negotiated union contracts. Future property tax revenue growth above the budget assumption, in an amount not to exceed \$500,000 and if funds are available and necessary, will

be reserved for personnel services increases for salary and fringe benefit costs for 2020-2023 as a result of the compensation study.

41. The Health Department will serve as the county Fiduciary to the Washtenaw County Food Policy Council, and in this role will manage the finances, if any, of the Food Policy Council and will coordinate items from the Food Policy Council which require submission to or to or approval of the Board of Commissioners. To support the costs of these services, the Board of Commissioners appropriate not more than \$7,100 for each of the next four years, to be offset through an equal reduction to the non-structural “Undesignated Allocation”, to be used to cover the indirect costs to the Health Department for these services and per diem payments to Food Policy Council appointees.
42. The Budget includes \$16,000 appropriation to the Office of Community and Economic Development for the Washtenaw County Historic District Commission activities. In addition, up to an additional \$20,000 of funding for tourist activities will be covered directly from the Accommodation Ordinance Tax Fund.
43. All donations to County Departments by for-profit entities exceeding \$1,000 in value, whether monetary or in-kind, shall be reported to the County Administrator and the Board of Commissioners within 7 business days of receipt. Donations exceeding \$2,500 by for-profit entities require pre-authorization by the Board of Commissioners and should be submitted to the County Administrator in advance for the Board’s approval.
44. The Office of Infrastructure Management will report quarterly to the Board of Commissioners on the status of current and future facilities projects.
45. The Board of Commissioners has demonstrated a strong commitment to environmental stewardship through making the pursuit of environmental justice one of its budget priorities in this document, and through Resolution 17-100, which affirmed the county's intent to take action on climate change in accordance with the Paris Accord.
 - i. *Intent.* The intent of the Board of Commissioners is to align County policies and procedures with its legislated goals of battling climate change and creating plans and policies that will ensure net zero-carbon County operations as soon as possible and no later than 2035.
 - ii. *Organization and Procedures.* The Office of Infrastructure Management (OIM) will:
 - a) Establish an *Environmental Infrastructure Workgroup*, to include interested countywide elected officials or their designated representatives, interested County Commissioners (up to one fewer than a majority of the Board), department heads or their designated representatives, the County Administrator or his/her designated representative, and a Liaison from the County’s Environmental Council. This Workgroup shall meet at least quarterly and shall report directly to the Board of Commissioners at least annually (in October) on its progress. The purposes of this Workgroup are:
 1. Comment on and provide input to the “DRAFT Energy and Environmental Infrastructure Policy 2020-2023” described below, in (2) (b);
 2. Work on an ongoing basis with the County’s Environmental Council, providing information, support and advice, if and when said Environmental Council is established by the Board of Commissioners;

- b) The OIM, with ongoing input from the Environmental Infrastructure Workgroup (see (2)(a) and from the County's Environmental Council after its establishment, will draft an updated comprehensive strategy addressing the County's energy use and environmental impact as they relate to infrastructure, the "DRAFT Energy and Environmental Infrastructure Policy 2020-2023," as a component of its comprehensive restructuring.
- c) The Draft Policy report should address and make recommendations on at least, but not limited to, the following, as well as other aspects of County operations as directed by the Board of Commissioners: fleet (conversion to electrics and hybrids where possible, EV charging station installations, idling guidelines); infrastructure energy use reduction; remodeling and new building Greenhouse Gas (GHG) guidelines; conversion of the County to reliance on renewable energy; and staffing and budget considerations necessary to accomplish the above.
- d) The "DRAFT Energy and Environmental Infrastructure Policy" will be presented to the Board of Commissioners' Environmental Council no later than October 1, 2020 for a maximum two month period of review and input, and then will be revised based on that input and forwarded to the Board of Commissioners for consideration no later than February 1, 2021 for formal review, input and approval.
