 - (2) Conduct basic research of each proposed historic district and the historic resources located within that district.
 - (3) Determine the total number of historic and non-historic resources within a proposed historic district and the percentage of historic resources of that total. In evaluating the significance of historic resources, the committee shall be guided by the selection criteria for evaluation issued by the United States secretary of the interior for inclusion of resources in the National Register of Historic Places, as set forth in 36 C. F. R. part 60, and criteria established or approved by the bureau, if any.

 - (ii) The composition of the committee membership.
 - (iii) The historic district or districts studied.
 - (iv) The boundaries for each proposed historic district in writing and on maps.
 - (v) The history of each proposed historic district.

- (vi) The significance of each district as a whole, as well as a sufficient number of its individual resources to fully represent the variety of resources found within the district, relative to the evaluation criteria.
 - (5) Transmit copies of the preliminary report for review and recommendations to the Washtenaw County Historic District Commission, the Washtenaw County Parks and Recreation Commission, Michigan Historical Commission, State Historic Preservation Review Board and the SHPO.
 - (6) Make copies of the preliminary report available to the public pursuant to subsection F on the next page.

Public notice of the time, date, and place of the hearing shall be given in the manner required by Act No. 267 of the Public Acts of 1976, as amended. Written notice shall be mailed by first-class mail not less than 14 calendar days before the hearing to the owners of properties within the proposed historic district, as listed on the tax rolls of the local unit.
- E. After the date of the public hearing, the committee and the County Board of Commissioners shall have not more than one year, unless otherwise authorized by the County Board of Commissioners, to take the following actions:
- (1) The Committee shall prepare and submit a final report with its recommendations and those of the Washtenaw County Historic District Commission to the Washtenaw County Board of Commissioners. If the recommendation is to establish a historic district or districts, the final report shall include a draft of a proposed ordinance or ordinances.
 - (2) After receiving a final report that recommends the establishment of a historic district or districts, the County Board of Commissioners, at its discretion, may introduce and pass or reject an ordinance or ordinances. If the County passes an ordinance or ordinances establishing one or more historic districts, the County shall file a copy of that ordinance or those ordinances, including a legal description of the property or properties located within the historic district or districts, with the register of deeds. The County shall not pass an ordinance establishing a contiguous historic district less than 60 days after a majority of the property owners within the proposed historic district, as listed on the tax rolls of the local unit, have approved the establishment of the historic district pursuant to a written petition.
- F. A writing prepared, owned, used, in the possession of, or retained by a committee in the performance of an official function shall be made available to the public in compliance with Act No. 442 of the Public Acts of 1976, as amended, being sections 15.231 to 15.246 of the Michigan Compiled Laws.

G. The Commission may at any time establish by ordinance additional historic districts, including proposed districts previously considered and rejected, may modify boundaries of an existing historic district or may eliminate an existing historic district. Before establishing, modifying, or eliminating a historic district, a historic district study committee appointed by the Board of Commissioners shall, except as provided in Section 3, subsection H, comply with the procedures set forth above and shall consider any previously written committee reports pertinent to the proposed action. To conduct these activities, the Board of Commissioners may retain the initial committee, establish a standing committee, or establish a committee to consider only specific proposed districts and then be dissolved.

H. If considering elimination of a historic district, a committee shall follow the procedures set forth in this section for issuing a preliminary report, holding a public hearing, and issuing a final report but with the intent of showing one or more of the following:

- (1) The historic district has lost those physical characteristics that enabled establishment of the district.
- (2) The historic district was not significant in the way previously defined.
- (3) The historic district was established pursuant to defective procedures.

I. Upon receipt of substantial evidence showing the presence of historic, architectural, archaeological, engineering, or cultural significance of a proposed historic district, the County Board of Commissioners may, at its discretion, adopt a resolution requiring that all applications for permits within the proposed historic district be referred to the commission as prescribed in sections 4 and 5. The commission shall review permit applications with the same powers that would apply if the proposed historic district was an established historic district. The review may continue in the proposed historic district for not more than one year, or until such time as the County Board of Commissioners approves or rejects the establishment of the historic district by ordinance, whichever comes first.

J. If the County Board of Commissioners determines that pending work will cause irreparable harm to resources located within an established historic district or a proposed historic district, the County Board of Commissioners may by resolution declare an emergency moratorium of all such work for a period not to exceed six months. The Board may extend the emergency moratorium for an additional period not to exceed six months upon finding that the threat of irreparable harm to resources is still present. Any pending permit application concerning a resource subject to an emergency moratorium may be summarily denied.

SECTION 4

HISTORIC DISTRICT COMMISSION REVIEW

A. Before any work requiring a permit that effects the exterior appearance of a resource is made within a historic district, the person, individual, partnership, firm, corporation, organization, institution, or agency of government proposing to do that work shall file an application for a permit with the inspector of buildings of the local unit of government

(township) or other duly delegated authority. If the inspector of buildings or other authority receives the application, the application shall be immediately referred together with all required supporting materials including but not limited to architectural drawings, site plans, specifications, samples of proposed materials to be used, informational brochures, proposed work schedule, and name of architect and contractors to be used to the Washtenaw County Historic District Commission via fax or mail. A permit shall not be issued and proposed work shall not proceed until the commission has acted on the application by issuing a certificate of appropriateness or a notice to proceed as prescribed in this ordinance.

B. In reviewing plans the Commission shall follow the U. S. secretary of the interior's standards for rehabilitation and guidelines for rehabilitating historic buildings, as set forth in 36 C. F. R. part 67. Design review standards and guidelines that address special design characteristics of historic districts administered by the commission may be followed if they are equivalent in guidance to the secretary of interior's standards and guidelines and are established or approved by the SHPO. The commission shall also consider all of the following:

1. The historical and/or architectural value and significance of the resource and its relationship to the historical value of the surrounding area.
2. The relationship of any architectural features of such resource to the rest of the resource and to the surrounding area.
3. The general compatibility of exterior design, arrangement, texture, and materials proposed to be used.
4. Any other factor, such as aesthetic value, that the commission finds relevant.

C. The Commission shall review and act only upon exterior features of a resource and shall not review and act upon interior arrangements unless specifically authorized to do so by the local legislative body or unless interior work will cause visible change to the exterior of the resource. The Commission shall disapprove applications only on the basis of the considerations set forth in the previous paragraph.

D. If an application for work affecting the exterior appearance of a resource which the commission deems so valuable to the county, state, or nation that the loss thereof will adversely affect the public purpose of the county, state, or nation the Commission shall endeavor to work out with the owner of the resource an economically feasible plan for preservation of the resource.

E. Work within a historic district shall be permitted through the issuance of a notice to proceed by the commission if any of the following conditions prevail and if the proposed work can be demonstrated by a finding of the commission to be necessary to substantially improve or correct any of the following conditions:

1. The resource constitutes a hazard to the safety of the public or to the structure's occupants.
2. The resource is a deterrent to a major improvement program that will be of substantial benefit to the community and the applicant proposing the work has obtained all necessary planning and zoning approvals, financing, and environmental clearances.
3. Retention of the resource will cause undue financial hardship to the owner when a governmental action, an act of God, or other events beyond the owner's control created the hardship, and all feasible alternatives to eliminate the financial hardship, which may include offering the resource for sale at its fair market value or moving the resource to a vacant site within the historic district, have been attempted and exhausted by the owner.
4. Retention of the resource is not in the interest of the majority of the community as determined by the Commission and such structure may be given appropriate preservation in terms of photographic, pictorial, item removal, written or other means of limited or special preservation.

F. The commission shall adopt its own rules of procedure and shall adopt design review standards and guidelines for resource treatment to carry out its duties under this act.

G. The commission may delegate the issuance of certificates of appropriateness for specified minor classes of work to its staff, to the inspector of buildings, or to another delegated authority. The commission shall provide to the delegated authority specific written standards for issuing certificates of appropriateness under this subsection. On at least a quarterly basis, the commission shall review the certificates of appropriateness, if any, issued for work by its staff, the inspector, or another authority to determine whether or not the delegated responsibilities should be continued.

SECTION 5
HISTORIC DISTRICT COMMISSION DETERMINATION

A. The Commission shall file certificates of appropriateness, notices to proceed, and denials of applications for permits with the local inspector of buildings or other duly delegated authorities. A permit shall not be issued until the commission has acted as prescribed by this act. If a permit application is denied, the decision shall be binding on the inspector or other authority. A denial shall be accompanied with a written explanation by the commission of the reasons for denial and, if appropriate, a notice that an application may be resubmitted for commission review when suggested changes have been made. The denial shall also include notification of the applicant's rights of appeal to the state historic preservation review board and to the circuit court. The failure of the commission to act within sixty (60) calendar days after the date a complete application is filed, unless the applicant and the Commission agree upon an extension in writing, shall be considered to constitute approval.

B. Local public officials and employees shall provide information and records to study committees, standing committees, and the commission, and shall meet with those bodies upon request to assist with their activities.

C. When work has been done upon a resource without a permit, and the commission finds that the work does not qualify for a certificate of appropriateness, the commission may require an owner to restore the resource to the condition the resource was in before the inappropriate work or to modify the work so that it qualifies for a certificate of appropriateness. If the owner does not comply with the restoration or modification requirement within a reasonable time, the commission may seek an order from the circuit court to require the owner to restore the resource to its former condition or to modify the work so that it qualifies for a certificate of appropriateness. If the owner does not comply or cannot comply with the order of the court, the commission or its agents may enter the property and conduct work necessary to restore the resource to its former condition or modify the work so that it qualifies for certificate of appropriateness in accordance with the court's order. The costs of the work shall be charged to the owner, and may be levied by the local unit as a special assessment against the property. When acting pursuant to an order of the circuit court, a commission or its agents may enter a property for purposes of this section.

D. An applicant aggrieved by a decision of the commission concerning a permit application shall file an appeal with the state historic preservation review board of the Michigan historical commission within the department of state pursuant to Section 9 of this ordinance.

SECTION 6
ACQUISITION OF PROPERTY

If all efforts by the Historic District Commission to preserve a resource fail, or if it is determined by the County Board of Commissioners and the local legislative body that public ownership is most suitable, the Board of Commissioners, if considered to be in the public interest, may acquire the resource using public funds, public or private gifts,

grants, or proceeds from the issuance of revenue bonds. Such acquisition shall be based upon the recommendation of the Historic District Commission or standing committee. The Historic District Commission or standing committee is responsible for maintaining publicly owned resources using its own funds, if not specifically earmarked for other purposes, or public funds committed for that use by the Board of Commissioners. Cooperative programs of purchase ownership and management in the public interest may also be worked out with other local commissions and societies. Upon recommendation of the commission or standing committee, the local unit may sell resources acquired under this section with protective easements included in the property transfer documents, if appropriate.

SECTION 7
ORDINARY MAINTENANCE

Nothing in this act shall be construed to prevent ordinary maintenance or repair of a resource within a historic district, or to prevent work under a permit issued by the inspector of buildings or other duly delegated authority before the ordinance was enacted.

SECTION 8
NEGLECT OF MAINTENANCE

- A. No person shall permit a resource under his or her ownership or control within an historic district to deteriorate resulting in any of the following conditions that constitute demolition by neglect:

 2. A deterioration of roofs or other horizontal members.
 3. A deterioration of exterior chimneys.
 4. The deterioration or crumbling of exterior plaster or mortar.
 5. The ineffective weatherproofing of exterior walls, roofs and foundations including broken windows or doors.
 6. A deterioration of any exterior architectural feature so as to create or permit the creation of a hazardous or unsafe condition or conditions which in the judgment of the Commission produces a detrimental effect upon the character of the district as a whole and the life and character of the landmark in question.
- B. The Historic District Commission on its own initiative may file a petition with the local building inspector requesting that said office proceed to require correction of defects or repairs of any such structure covered by this article so that such structure may be preserved and protected in consonance with the purpose of this ordinance.

- C. Upon a finding by a commission that a historic resource within a historic district or a proposed historic district subject to its review and approval is threatened with demolition by neglect, the commission may do the following:
1. Require the owner of the resource to repair all conditions contributing to demolition by neglect.
 2. If the owner does not make repairs within a reasonable time, the commission or its agents may enter the property and make such repairs as are necessary to prevent demolition by neglect. The costs of the work shall be charged to the owner, and may be levied by the local unit as a special assessment against the property. The commission or its agents may enter the property for purposes of this section upon obtaining an order from the circuit court.
 3. Seek a court order from the circuit court compelling the property owner to remove those causes threatening the historic resource with demolition by neglect.

SECTION 9

APPEAL

Any citizen or duly organized historic preservation organization in the County, as well as resource property owners, jointly or severally aggrieved by a decision of the Historic District Commission may appeal the decision to the circuit court except that a permit applicant aggrieved by a decision rendered under section 4 may not appeal to the court without first exhausting the right to appeal to the state historic preservation review board. The appeal shall be filed within 60 calendar days after the decision is furnished to the applicant. The appellant may submit all or part of the appellant's evidence and arguments in written form.
