Why are the restrictions only in Ann Arbor and Ypsilanti?

City and university officials fully support this action.

As with other state and local orders, violations can be reported to local law enforcement. Responses may vary according to the urgency of any given situation and the availability of law enforcement. First steps will always include education and engagement rather than penalties. Those who disregard the order could be subject to a misdemeanor punishable by imprisonment for not more than six months and/or a fine of up to \$200.
