**Washtenaw County - Apportionment Commission Public Input - Submission #11267**

**Date Submitted: 10/8/2021**

**Washtenaw County Apportionment Commission**

Per MCL 46.401, the Washtenaw County Apportionment Commission must meet "within 60 days after the publication of the latest United States official decennial census figures, the county apportionment commission in each county of this state shall apportion the county into not less than 5 nor more than 21 county commissioner districts as nearly of equal population as is practicable..."

Washtenaw County currently has 9 county commissioner districts.

Submissions on this form go directly to the Washtenaw County Apportionment Commission.

Please increase the number of commissioner districts. A 15-member BOC has been shown to be feasible in the past and would provide more representation. I am opposed to the concept shown in some drafts whereby Ann Arbor City areas are placed into a district with Township voters. There are very different concerns and issues which may mean that the interests of large swaths of constituents are not represented, and it is also likely to cause electoral competition that is not likely to be to the overall advantage of the communities involved.

Please provide any input you would like to give to the Apportionment Commission.

**Commissioner District Apportionment**

**Apportionment Input**

I believe that the current arrangement of 9 Commissioners is appropriate and works best for our county. While the increase in the number of Commissioners may appear to provide greater representation for residents, it will actually dilute the impact that each Commissioner has within the process of representing their constituents. In addition, the increased annual costs, legacy costs, equipment costs and other residuals costs cannot be justified. For these reasons, and others, I would respectfully ask the those persons who are a part of the Apportionment Commission vote to keep our current level of Washtenaw County Commissioners at its current level of 9. thank you for your work and for allowing me to share these thoughts and comments.  
  
Stan

I am appreciating the group and the work on this. I urge an increase in the number of commissioners so that voices have a seat at the table that are being lost, or considered late, in the current system. I was on the call tonight, I urge you to consider the increase to 13 with the map submitted by Dirk.

Please provide any input you would like to give to the Apportionment Commission.

My only comment is that I believe that the number of Commissioner Districts should be increased to 15. This would allow for more localized representation. Larger districts are also more of an impediment for people to run for office, since it costs more to cover a larger area. Having only nine Commissioners for the County has always seemed to be too few.

Please provide any input you would like to give to the Apportionment Commission.

### Apportionment Input

Please increase the total number of county commissioners to 13. This would make a target of approximately 28,462 residents per district. The Ann Arbor area should have 4-5 commissioners, depending on how much of townships are added, and the populous Ypsilanti City and Township area should have at least 3 commissioners representing them. I've attached a map with the following approximate population allocations:

D1 - Ypsilanti City: 28,041  
D2 - Northeastern Ypsilanti Township: 27,434  
D3 - Southern Ypsilanti Township: 30,460  
D4 - Southeast Washtenaw, Milan, Saline: 29,708  
D5 - Pittsfield & Lodi: 31,392  
D6 - Southeast Ann Arbor: 29,421  
D7 - Northeast Ann Arbor, A2 Twp, Barton Hills: 27,799  
D8 - Northern Ann Arbor: 25,488  
D9 - Western Ann Arbor: 27,332  
D10 - Southwest Ann Arbor: 30,443  
D11 - Northwest Washtenaw: 27,322  
D12 - Central Washtenaw & Dexter: 27,419  
D13 - Western Washtenaw: 26,061

Please provide any input you would like to give to the Apportionment Commission.

#### Commissioner District Apportionment

- No Opinion
- Decrease Commissioner Districts (5-8)
- Maintain Commissioner Districts (9)
- Increase Commissioner Districts (10-15)
- Increase Commissioner Districts (16-21)

**Apportionment Input**

There isn't enough growth to change. The cost far out weigh the benefit and eastern Washtenaw county has good representation. Change is not needed use the coat for expansion to invest in the lower opportunity zones. Also would like it posted the amount of money that each county commissioner makes including health care and committee appointments. It would be greatly appreciated if their compensation could be detailed since some people don't realize the true costs and how many committee appointments each elected are paid for as part of their compensation

No need to change, this was proven by western county getting 15 million in broad band and was approved unanimously. Please consider keeping the same number of commissioners and same boundaries. Treasurer MCCLary explained the duties well. Over site of budget with strong county administrator and staff running day to day operations

Please provide any input you would like to give to the Apportionment Commission.
