

If you're **50+ years old, not up-to-date on your COVID vaccines** (including a bivalent booster), or not very physically active, getting COVID could make you especially sick.\*

# Join COVID Plan4Health

to get **FREE tests and treatment!**

*\*Other things that can make you more likely to get very sick from COVID include being a current or former smoker, having conditions like asthma, cancer, or diabetes, and being overweight or obese. See a full list at [covidplan4health.org/wchd](https://covidplan4health.org/wchd)*

**If you don't have insurance or a doctor:** join COVID Plan4Health now so if you get COVID later, you can quickly get treatment from the Health Department.

**Joining is free and easy!**

You can also call 734-544-2963  
or email [np@washtenaw.org](mailto:np@washtenaw.org)

This program is meant for Washtenaw County residents who are at high risk for severe outcomes from COVID and who don't have a regular health care provider and/or insurance. Those who have a health care provider should go to them for treatment. COVID Plan4Health is a partnership between the Washtenaw County Health Department and CareEvolution.
