MISSION
To promote hope, recovery, resilience and advance health equity in Washtenaw County by providing, high quality, integrated behavioral health services to adults and youth with intellectual/developmental disabilities, mental health and/or substance use needs.

VISION
All residents can secure supports to improve their quality of life and reach their full potential.

VALUES

   Excellence
   We provide the highest level of service to promote recovery, quality of life and self-sufficiency through proven and innovative practices. We recognize that the foundation of excellent service is our relationships.

   Growth
   We believe in the capacity for change at every stage of development. We grow through shared learning, lived experiences and mentoring.

   Well-being
   We cultivate well-being through a commitment to physical and emotional safety, active listening, and a culture of appreciation.

   Inclusion
   Together we build a welcoming, respectful environment for all people. Through active engagement and shared decision-making, we build a stronger community.

   Community
   We develop strong, trusting partnerships with the people we serve, in our broader community, and within our own organization while advancing health equity.

   Accountability
   We are accountable to those we serve, to the larger community, and to each other for the equitable, effective, and efficient use of our resources.

   Equity
   Services will be delivered with a focus on eliminating health inequities by addressing and reducing the racial and economic disparities frequently impacting Black, Indigenous and People of Colors’ health status, access, and outcomes.
Environmental Drivers

Access to Care
- There is a shortage of staff statewide with long waiting times, difficulty in accessing care or needs not getting met.
- CMH system reform efforts are being driven by concerns about access and inconsistent statewide availability of services - encouraged to find ways to increase/improve access
- There is a lack of access to youth behavioral health services
- A severe statewide psychiatric hospital bed shortage with long waits for care
- A lack of a single point of access for all behavioral health services including substance use disorders

Performance/Quality
- Uneven metrics/performance by PHIPs and pressure from MCOs to shift payment from PIHPs to MCOs with competing bills in the legislature from Shirkey and Whiteford bills
- Current CMH system collects a lot of data but lacks a clear dashboard of metrics for accountability and performance
- State rate setting efforts expected to put emphasis on cost efficiency and effectiveness etc.

Expansion of Services
- Federal expansion of mental health funding through the designation of Michigan as a CCBHC state.
- Passage of millage since the last strategic plan has shifted focus from exclusively mandated services for “eligible” individuals to comprehensive services for the general community
- Greater need for focus on prevention, early intervention, and community education

Other Drivers
- Inconsistency of support for Behavioral Health services by the State of Michigan
- Importance of telemedicine and the infrastructure to support it (i.e. broadband internet, county infrastructure and internet)
- Workforce recruitment and retention challenges
- The pandemic has forced isolation and created other stresses.
- Racial and economic disparities in health status and in access to health care have become more obvious as people of color and lower income people bore disproportionate risks from COVID.
- Excessive use of force and underutilization of behavioral science principles on the part of police officers and especially in interactions of white officers and citizens of color have led to a growing public chorus for reform of how society deals with people in crisis.
