I. PROPOSAL

Definitions:

"County" is Washtenaw County in Michigan.

"Bidder" an individual or business submitting a bid to Washtenaw County.

"Contractor" One who contracts to perform work or furnish materials in accordance with a contract.

Purpose of Proposal:

Washtenaw County is accepting proposals for CDBG Rehab Project at 1033 Desoto Ave., Ypsilanti, MI 48198. **Current qualified vendors** with Community Development are invited to submit bids.

Proposal Terms:

A. Washtenaw County reserves the right to reject any and all proposals received as a result of this RFP. If a proposal is selected it will be the most advantageous regarding price, quality of service, the Contractors qualifications and capabilities to provide the specified service; Washtenaw County may consider other factors as well. The County does not intend to award contracts fully on the basis of any response made to the proposal; the County reserves the right to consider proposals for modifications at any time before contracts would be awarded, and negotiations would be undertaken with those Contractor(s) whose proposals are deemed to best meet the County's specifications and needs.

B. The County reserves the right to reject any or all bids, to waive or not waive informalities or irregularities in bids or bidding procedures, and to accept or further negotiate cost, terms, or conditions of any bid.

C. Proposals must be signed by an official authorized to bind the provider to its provisions for at least a period of 90 days. Failure of the successful bidder to accept the obligation of the contract may result in the cancellation of any award.

D. In the event it becomes necessary to revise any part of the RFP, addenda will be provided. Deadlines for submission of RFP's may be adjusted to allow for revisions. The **entire** proposal document with any addenda should be submitted in **triplicate**. To be considered, the original proposal and two copies must be at the County Purchasing Division on or before the date and time specified.

E. Proposals should be prepared simply and economically providing a straight forward, concise description of the contractor's ability to meet the requirements of the RFP. RFP 6604 – CDBG 1033 Desoto, Ypsilanti

F. Award

Contractors shall be selected for their quality of service, qualifications and capabilities to provide the specified service as outlined earlier in this RFP under “Purpose of Proposal” (page 3). The County does not intend to award contracts fully on the basis of any response made to this proposal. The County reserves the right to consider proposals for modifications at any time before a contract would be awarded, and negotiations would be undertaken with that contractor(s) whose proposals are deemed to best meet the County's specifications and needs.

G. Bids are opened at the designated time and bid tabulation is prepared for review with the homeowner. The lowest responsive, responsible bid will generally be recommended to the property owner for acceptance, unless the contractor appears to have a low bid due to an incomplete response. However, the owner has the right to reject any and all bids, or select a contractor of his/her choice, provided the difference in costs are paid by the owner. The property owner may select any eligible bid, as long as the price quoted is within 15 percent (15%) lower or 15 (15%) percent higher of the cost estimate prepared by the Rehabilitation Specialist and does not exceed the maximum dollar limits of the program. If none of the bids solicited are within 15 percent (15%) lower or 15 percent (15%) higher of the work write-up, the proposals must be rejected and other proposals must be obtained that are within the specified cost limits. The owner has the option to reject all bids not within 15 percent (15%) of the cost estimate.

H. Time of Commencement and Completion

The work shall commence within 21 calendar days of authorization by written Notice to Proceed from the OCD and shall be completed no later than 90 calendar days from the commencement date of the Notice to Proceed. The Contractor shall pay one hundred dollars (\$100.00) per day, as liquidated damages for each calendar day of delay (from the original start date) until the work is begun. If work has begun, the liquidated damages may not exceed seventy five percent (75%) of the remaining balance of the Homeowners contract starting from the original completion date. If liquidated damages should reach 75% of the remaining balance the contract shall be terminated and the remaining work shall be completed in a manner best deemed appropriate by the OCD Rehabilitation Specialist. If work has not begun within 30 calendar days the contract will be terminated and the work will be negotiated with the next responsive and responsible bidding contractor. If the work is delayed at any time by causes beyond the contractor's control, then the contract may be extended by “change order” for such reasonable time as the OCD Rehabilitation Specialist deems necessary. Contractors may submit a written withdrawal within seven (7) calendar days prior to the 21-day commence date.
