

Washtenaw County Schools and Childcare Centers

Communicable Disease Reporting 2018-2019

September 2018 – June 2019

Schools and child care centers play an essential role in surveillance of communicable diseases, like influenza and norovirus, among children which helps forecast these diseases in the larger community. This report lists schools and child care centers who have submitted at least one mandated weekly communicable disease report over the 2018-2019 school year (September 2018 to June 2019).

***Star Reporters:** These schools have submitted more than half of the required weekly reports on time.
